

1. Public Executive Summary

This document describes the way Intellectual Property is handled inside the 2020 3D Media consortium. It summarizes the general IPR agreement, which is a part of the Grant Agreement and the Consortium Agreement of the project. Besides, this document introduces the IPR Working Group that has been created, and addresses the main issues of IPR management. These issues are the ownership, the protection of foreground, dissemination, the access rights, and the confidentiality. A list of Exploitable Background is also identified.
